PROJECTS

Tic-Tac-Toe Game ↗   **oct - 2024**
- This interactive Tic-Tac-Toe game offers a user-friendly interface where players can enjoy the classic game in a modern web format. Built using HTML, CSS, and JavaScript, it provides smooth gameplay and responsive design for an engaging experience.

Calculator Website ↗   **oct - 2024**
- This Calculator website provides a simple, intuitive interface for performing basic arithmetic operations. Designed with HTML, CSS, and JavaScript, it ensures fast, responsive calculations for everyday use.

Starbucks website ↗   **sept - 2024**
- Built a replica of the Starbucks website with a focus on replicating the design, layout, and user experience. Employed modern web technologies to accurately mirror the interface, ensuring responsive design and functionality.

INTERNSHIP

Java Full Stack Developer Trainee   **07 2024 – present**
Teks Academy   *Hyderabad, India*
- Gained expertise in HTML, CSS, and JavaScript, developing responsive web interfaces. Built and deployed interactive web applications, demonstrating proficiency in front-end. Currently working with Java, Spring, and Hibernate frameworks, along with relational databases.

Technical Hub(↗   **05 2023 – 07 2023**
Amazon Web Services - Intern   *Rajahmundry, India*
- Successfully completed an internship with AWS cloud, gaining hands-on experience in cloud computing and infrastructure management. Established a deep understanding of AWS services, including EC2, S3, Lambda, and VPC. Actively participated in several events organized by Technical Hub.
